EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Tarik Nabi on August 9, 2004.

The application has been amended as follows:

In claim 7, in the last line, replace the phrase "left and right eyes" with the phrase "old and new prescription values".

REASONS FOR ALLOWANCE

2. Claims 4, 7-11, 13, 15 and 19-22 are allowed.

See paper no. 0804 for an examiner's statement of reasons for allowance.

Further in regard to claims 7, 9-11, and 13, the informality in claim 7 to which the examiner objected is corrected in the Examiner's Amendment above.

Further in regard to all allowed claims, the claimed systems and methods make sense only when considered as a whole. The alternative steps that truncate the system or method before reaching the processing steps are interpreted as merely limiting the claims, rather than allowing the claims to read on systems and methods that do not include the processing capability or steps.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
